SUMMARY

Dedicated and motivated web developer excited to bring value to your company with my skills and knowledge. I look forward to learning and growing from the experience we will have by working together.

EDUCATION

Khwopa Engineering College   **04/2021 - Present**
Bachelor of Computer Engineering   *Bhaktapur, Nepal*

PERSONAL PROJECTS

Restaurant Management System (C++, Git) *GitHub*
- First college project in a group of four members where we developed a console-based restaurant order management system using C++ with local file handling as database.
- Collaborated via Git and GitHub.
- Learnt valuable lessons about Git usage and teamwork including merge conflict resolution.

Weather App (ReactJS, SCSS) *GitHub* | *Site*
- Practiced ReactJS skills in this project, integrating SCSS which was a new technology for me.
- Learnt to resolve various asynchronous function related challenges while fetching data from an online API (weatherapi.com).
- Got some hands-on experience with using SCSS which made building the webapp much easier.

Pomodoro Timer (ReactJS) *GitHub* | *Site*
- A pomodoro timer built using ReactJS.
- This project was part of the final projects for FreeCodeCamp's course JavaScript Algorithms and Data Structures.
- Learnt a lot about event handling in further depth while building this project.
